

It has been another bumper term of fabulous learning and fun. And what a spring term it has been... Oak and Willow Class have loved their superhero topic and have learnt so much about real life heroes, thank you to all the nurses, police officers and fire brigade who gave your time to come to school. Cherry and Beech Class had a brilliant time at the Haslemere Museum learning all about animal classification and saw the most enormous spider crab, gulp! Lime and Elm showed great resilience when they watched their terrific Tudor houses burn down as part of their Great Fire of London topic. A huge thank you goes to Natalie and the PTA team who have been busy running weekly Lego clubs, along with many, many brilliant fund raising events. We hope you will be getting your dancing shoes on for the upcoming adults disco! Wishing you all a super Easter break. Much love Miss Cox 

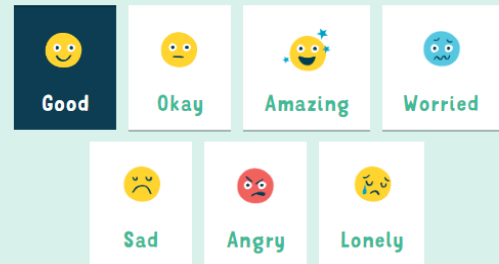

The Roundhouse (new outdoor learning space)

We are very excited for the upcoming installation of our new outdoor learning space 'The Roundhouse'. This will be a designated area for the lovely children to enjoy many outdoor learning sessions and to provide some much needed shade during the summer months when the sun finally decides to shine! This amazing asset to our school has been funded by our wonderful Milford families. Thank you so much for all your generous donations and support to all the PTFA events throughout the year.

Childline

HOW ARE YOU FEELING?

Children if you are feeling worried or unsafe call childline...

'Can Bears Ski' Performance

The Pied Piper Theatre Company came to school on 20th February and did a performance of 'Can Bears Ski'. Both the children and adults really enjoyed this fun and colourful performance.

Easter Hat Competition Winners

Thank you to everyone who brought their hats into school for the wonderful parade on Wednesday. The winners are:

Willow: Elsie, Leo and Daisy

Oak: Woody, Eva and Jenny

Cherry: Brody, Hudson and Bertie

Beech: Iris, Joshua and Tom

Lime: Kash, Elliott and Maude

Elm: Ella M, William Mc, Riley

Bingo Night

Bingo Night was well attended and thoroughly enjoyed by everyone whilst raising £740!

Easter Disco

The Easter Disco was a huge success last Friday with a very special visitor joining in the fun!

Break the Rules Day

The children loved breaking the rules for their mufti day and raised a great total of £308!

Easter Art Club

The Friends ran a number of art clubs which were very popular with the children and the Easter Bunny was given a warm welcome.

🏆 Congratulations 🏆

★ Easter Raffle Winners ★

Winners of the Easter Card Competition

Clara (Cherry)

Archie (Cherry)

Olivia (Willow)

Woody (Oak)

Milo (Oak)

Millie (Lime)

Isla (Elm)

Elsie (Willow)

Fern (Beech)

Megan (Beech)

Aidan (Elm)

Alice (Lime)

The winner of the adult Easter card competition is Anita (Zara's Mum).

YEAR R NEWS

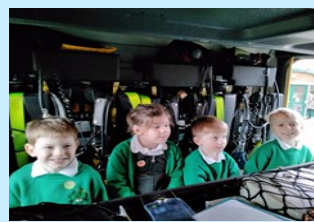

Book Week

We had a busy Book Week where we enjoyed sharing books with our Year 2 reading buddies and parading with the rest of the school in our book character costumes.

Real-life superheroes

Wow! We were very lucky to have several visitors who help people including a midwife, two nurses, a vet and firefighters – with a fire engine that the children were able to explore! The siren and blue flashing lights caused much excitement. We learnt to ask questions and listen carefully in order to find out more about these important jobs. Thank you again to our kind visitors. Our superhero guests have inspired us to role-play being police officers, firefighters, nurses etc., we have built our own emergency vehicles and been busy mark making during our role-play with incident forms, posters, signs, labels and registration plates.

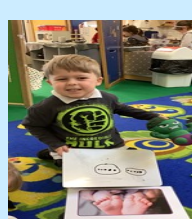

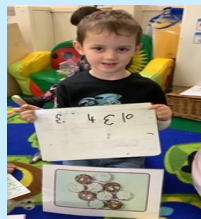

Gymnastics

We have started our gymnastics topic in our PE lessons and have been learning to use our bodies to make different shapes such as a star, pike, straddle, tuck, straight, front support and back support.

Maths

This term we have been busy mathematicians consolidating number bonds to 10, doubles to 10, exploring odd and even numbers; learning to name, recognise and use mathematical language to describe 3d shapes and explored more complex patterns.

Supertato

We enjoyed reading the story Supertato and helping the vegetables escape from the ice that Evil Pea had trapped them in. We explored how to melt the ice and help the veggies escape. We also created our own Superveg/ fruit characters and settings and adapted the story with our own ideas.

Superhero School

We started off our Superhero topic by learning all about how to be a superhero. We thought about our special superhero powers and how to help others. We made our own masks and took part in Superhero Gym.

On Sudden Hill

We have finished our half term topic reading 'On Sudden Hill' a story about friendship, dealing with disagreements and compromise. We explored using watercolour to paint rainy day pictures inspired by the story. Working as a team, we used our imaginations and made box creations such as a kitty police car, a robot, a fire engine, a giraffe racing car, a car boat, a bed bot and much more to use in our play.

YEAR 1 NEWS

We are builders!

One of our 'Must Do Challenges' was to create a home for a lion using construction bricks or Duplo. We created all kinds of homes, including a magical home with a helipad and a home with a lookout tower.

Human Number Lines!

We have loved exploring number this term, finding one more and one less, comparing numbers and ordering them on a number line. Have a look at our human number lines!

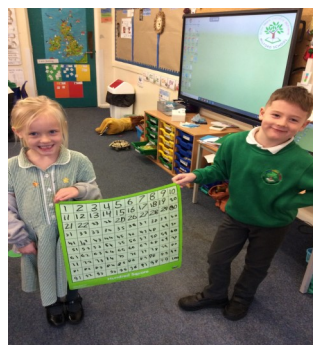

Haslemere Museum

Our trip to Haslemere Museum was such fun; highlights included meeting the famous bear. Do you know his name? Ask any Year One child and they will tell you! We loved exploring the old toys and artefacts as well as a whole range of animals which really helped to cement our science learning about animals and different animal groups.

Maths in Year One

From water to rice to lentils! The children have been exploring measurement through capacity. They have experimented with different shaped containers and learnt about scales using millimetres and litres. Thanks to the money raised by the PTA, we have these wonderful new 100 squares that have been in constant use. The children have been looking for patterns and practising their reversal numbers.

Art

In art this half term we have been looking at sculpture. The made their very own Marc Quinn inspired bread dough hands (we would love to see pictures of any you baked at home). They learnt to use tools to manipulate the dough. The mothers' day cards showed just how much the children have progressed with their hand control, we saw a selection of well thought out designs.

YEAR 2 NEWS

Science

We loved learning about materials and their properties in science

Art

We painted using hot and cold colours, made model houses and created some beautiful Mothering Sunday cards.

History

History has been all about the Great Fire of London in 1666.

Trip to The Mosque

We learned about the Christian celebration of Easter and found out about how Muslims worship at a Mosque.

Maths

We counted, measured and divided into fractions in maths this term. Our skills helped us to solve a range of problems.

Book Week

Book Week 2024 was one to remember!

We also enjoyed getting outside and planting, celebrating our skills as musicians, Lime visited our community Day Centre The Clockhouse and Elm baked bread with guest chef Thomas Farriner! (Elm to Clockhouse and Elm baking next term.)
