SAFEGUARDING TOPIC ADVERSE CHILDHOOD EXPERIENCES (ACE)

What are ACE's?

We all have our 'oops' parenting moments which are completely normal and not a concern. However, when a child experiences **strong, frequent and/or prolonged** high levels of stress caused by:

- physical or emotional abuse
- daily neglect, drug and alcohol abuse
- mental illness
- domestic abuse
- poverty with little family support

Experiencing ACE's can impact a child's brain development, resulting in sickness and loss of brain function into adulthood.

If you are worried your child may be have experienced ACE's please talk with one of the safeguarding team.
